The mission of the Columbia Chamber of Commerce is to lead our community, drive commerce in our region and advance community and regional collaborations, thereby enhancing the quality of where we live, learn, work and play.

The Chamber achieves that mission by the implementation of our Strategic Plan. One of those pillars is to be the voice of business by promoting and protecting the interests of the business community. The inaugural edition of our local agenda is the first step in helping educate and engage the community and influence local policy in a positive manner.
